ROAD CONTRACTS TOTAL \$92,772

Three Are Awarded by County Commissioners And No Bids Are Received on Two Others

TWO OF THEM CEMENT ROADS

Lawrence and Ennis Get Willard Tribbey Highway and George T. Miller, J. G. Beale Highway

Three road contracts amounting to the combined sum of \$92,772, were awarded by the county commissioners late Saturday afternoon, and two other roads on which no bids were received were advertised for reletting April 26.

The Willard Tribbey cement road in Posey township went to Lawrence and Ennis of Arlington for \$20,822. The John G. Beale road in Rushville township will be built by George T. Miller of Lebanon, who is the contractor on the Third street pavement in this city and who built the cement road through Carthage. His bid was \$53,200. The contract for the William T. Moore macadam road in Richland township was given to Amos U. Stevens for \$18,750.

Five contracts were advertised for letting Saturday and only five bids were submitted, three of them being on one road and one each on two others. No bids were received on the Chester Cross macadam road a little less than a mile long, in Jackson township, or the Fred McManus macadam road, about a mile and a half long, on the Jackson-Center township line.

George T. Miller also submitted a bid of \$21,500 on the Tribbey road and Edward G. Grant of Greenfield, who built the Frank Capp cement road south of Rushville, bid \$19,850. The road will begin in the town of Arlington at the intersection of the Carthage pike and the Indianapolis pike and will run north 4,000 feet, a little more than three-quarters of a mile. It will be twenty-four feet wide in the town of Arlington and will be reduced to sixteen feet in width the rest of the way.

The Beale road begins at the Rushville-Indianapolis pike west of here and runs three miles north to the Jackson township line. It will be only ten feet wide.

In addition to awarding contracts on the Cross and McManus roads on Saturday, April 26, the commissioners will also advertise for bids on the Gabe Hildreth macadam road in Richland township and Edgar Ruby gravel road in Ripley township on the same day, it was decided Saturday.

It was found the hearing on the petition of Noah Reddick and others for a gravel road in Ripley township could not be held April 19 because no notice was posted in the township as required by law.

The next meeting of the commissioners will be held Monday, April 7, when contracts will be awarded on the John H. Power cement road in Rushville township and the John R. Weir road in Noble township. The Power road will begin at the end of the brick pavement in North Main street and run to the Jackson township line, a distance of 6,721 feet, and will be eighteen feet wide with a four-foot berm. The Weir road, which will also be cement, will begin at the Rushville-Noble township line, where the Frank Capp cement road ends, and extend a distance of 7,300 feet. It will be sixteen feet wide, according to the profile in the auditor's office, and will also have a berm.

STEAMER IN DISTRESS.

Washington, Mar. 31.—The steamship North Pines is in distress 300 miles east of Cape Hatteras, a dispatch to the navy department stated today. She is badly disabled.

SENTENCE IS SUSPENDED

John Remington Also Fined for Bringing Home Quart of Whiskey

John Remington, age 72, C. I. & W. flagman, was fined \$50 and costs and given a sentence of sixty days in the penal farm this morning in police court when he pleaded guilty to the illegal possession of liquor. Remington went to Hamilton, Ohio last Saturday afternoon and when he returned about nine o'clock Saturday night, he was arrested by Chief of Police Seward. As this was his first offense, the penal farm sentence was suspended. It was said that this was the first time that Remington has been out of the city for six years.

FINED FOR ASSAULT ON POLICE OFFICER

Omer (Red) Adams Also Pleads Guilty to Charge of Intoxication Before Mayor Irvin.

JAIL SENTENCE SUSPENDED.

Omer (Red) Adams was fined \$5 and costs on two charges this morning in police court by Mayor Irvin when he pleaded guilty to a charge of public intoxication and also for assault and battery on a police officer. Policeman Havens was called to the water and light plant about twelve o'clock Saturday night and when he arrived there, he found Adams down and asked him to go home and avoid trouble. Adams replied that no officer could arrest him and started a fight. Marshall Newhouse arrived on the scene a few minutes later and Adams was taken to jail.

He was also sentenced to ten days in jail on each charge but this sentence was suspended. The fine, which amounted to thirty dollars, was paid and Adams was freed. He recently returned home from camp after having seen overseas service.

DEAD GIRL LIVED AT RUSSELLVILLE

Similarity of Names of Two Towns Believed Responsible For Mistake—Identified by Sister

NOT NEICE OF DICK GWINNUP

Relatives of Elva Dickerson, the girl who committed suicide by drinking poison while in the basement of the Terminal station in Indianapolis last Friday night and died before medical aid arrived, were located by Coroner Robinson of Indianapolis. The note left in the pocketbook was addressed to Rushville R. R. 1, Box 47, and it was thought that she belonged in this county, but following an investigation it developed that she did not belong here. Dick Gwinnup, of near New Salem, whose box number is 47, made a trip to Indianapolis Saturday, on the theory that the dead girl might have been a neice of his who had been gone for ten or eleven years, but later the identity of the girl was discovered.

Mrs. Harley Hall of Indianapolis, a sister of the dead girl, identified her and the body was taken to Russellville for burial, as this is the home of her parents. It is thought that the similarity of the two names, Rushville and Russellville, was the cause of the mistake made. Mrs. Hall told the coroner that she believed her sister committed suicide to free herself from the attentions of her divorced husband. A note wrapped around the bottle that contained the poison read: "I am tired of living and am going to take this poison."

UPHOLDS LOCAL OPINION ON LAW

Attorney General Stansbury Says Trustees Must Turn Over Road Funds to Commissioners.

OPINION TO CHIEF HENDREN

Money Must be Expended in Township in Which It Was Raised—Trustees Will Act Now.

Following the interpretation of the new county unit road law, clearing up apparent conflicts with other highway laws, which has just been given by the attorney general, E. E. Stansbury, township trustees in the county are not expected to hesitate any longer about turning over to the commissioners the balance in their road maintenance funds.

At a conference of county officials and the trustees a week ago Saturday, the county trustees should turn over road maintenance money and road equipment held by them, because the law takes from the trustees all jurisdiction over roads. The trustees, however, said they would not release this road money until they were given the authority by Gilbert Hendren, chief of the state board of accounts, because it is with him that they have to make an accounting.

The opinion of the attorney general was given to Mr. Hendren and holds there was no serious conflict between the three roads laws enacted by the 1919 legislature. In regard to the county unit road law and the Beardsley act, which was in substance an amendment of the highway law of 1913, the attorney general says "at first blush some of the provisions seem to be in conflict, but I think they can be harmonized."

The opinion points out that the county unit law provided that the road money of the township be turned over to the county treasurer to be expended by the county commissioners, but "I do not believe the Legislature intended to make that money available for repairs on roads in other townships. That would mean that the Legislature had arbitrarily ordered money raised by a municipality for a certain purpose to be applied and used for a purpose wholly different from that for which it was paid by the people of the township, and for the benefit of other municipalities."

The fourteen questions that had been raised by township and county officials concerning the road laws are answered as follows in the summary of the opinion:

"The board of commissioners have control, management and supervision of the unimproved township roads."

"The township trustee should immediately pay the balance of his road fund into the county treasury and should also pay into the county treasury the proceeds of the road levy to be collected for the current and subsequent years."

"The county commissioners must expend the road repair money levied by the township advisory boards on repairs of the unimproved roads in the township where the levy is made."

"The county free gravel road system must be cared for as heretofore."

"The township road fund levy for repairs should be made each year by the township advisory board on the estimate from the board of county commissioners, and not be paid over to the township trustee, but be expended by and through the supervision of the commissioners."

Under the new laws no part of the road tax can be worked out, but must be paid in cash.

"It is my opinion that the township trustee, before paying over the money of the road fund now on hands into the county treasury, should free the fund from all legal

WATSON BOOM ALL READY TO UNCORK

Only Thing Which Will Prevent it at Richmond Rally Wednesday Will be Senator's Wishes

SCORES FROM HERE TO ATTEND

Charles L. Watson Quoted in Richmond Paper as Saying Sen. Watson Will Not Sanction Move

That a life-sized presidential boom awaits uncorking at the sixth district rally of republicans at Richmond Wednesday, is the information which is being received here. It is understood that a speech has already been prepared by the man who expects to launch the Watson candidacy if Senator Watson does not refuse to have it done.

Scores of republicans from this county are planning to attend the rally, the climax of which will be a speech by Senator Watson Wednesday evening at the coliseum on the proposed league of nations and other subjects of vital interest at this time. Many republican workers are planning to be present at the organization meeting at the court house in the afternoon.

Linus P. Meredith, an ardent Watson man, who is clerk of the Wayne circuit court, appeared for duty one day recently with a lapel button bearing a photograph of Senator Watson, beneath which is the slogan "Watson for President, 1920." According to Meredith, this is the original Watson-for-President button—the only one, he declares, in Indiana.

"But they are to be put out by the tubful in a few months," the clerk is reported to have told republicans who made inquiry about them.

F. M. Campfield, chairman of the committee making arrangements for the Watson meeting, is quoted in the Richmond Item as saying that the only thing which will keep the Watson boom from being sprung is the senator's personal wishes.

Charles L. Watson, of Perry, Oklahoma, who was in Richmond enroute home after a visit with his mother, Mrs. E. L. Watson, of Winchester, replied, when interrogated by an item reporter, that he was of the opinion that this action would not meet with Senator Watson's approval.

"I am not in my brother's confidence and cannot speak for him," said Mr. Watson, "but I am positive this action would not be sanctioned by him."

"I was in Louisville with my brother several weeks ago and heard him say on the platform that he was not a candidate for president."

"He said, to quote him exactly, that:

"I am not a candidate for president, I have but one ambition and that is to serve Indiana acceptably in the United States senate."

"I feel quite sure that he would regard the proposed action in this city ill-advised. But, understand, I am not speaking for him and have, of course, no knowledge of conditions here."

Charles Watson stated that his brother, had, he thought, selected Wayne county to make his first utterance on the subject of the league of nations out of compliment to the manner in which Wayne county had recently supported him.

That Senator Watson was conscientious in his desire to make his stand clear on the subject of the league of nations was the further statement of Mr. Watson, who said that Senator Watson's point of view was that every senator should make his position definitely known before the matter came up for discussion in the U. S. Senate.

The following is the program for

MRS. BERT HEIFNER DIES

Arlington Woman Expires This Morning at 8:20 of Influenza.

Mrs. Bert Heifner, age 38 years, died at her home in Arlington this morning at 8:20 of the influenza. She was the daughter of Mr. and Mrs. Saunderson of Arlington, both of whom are dead. She is survived by the husband, and one son, Earl, age 15, besides a brother and sister. Mrs. Heifner was a member of the Arlington Christian church, being a faithful attendant as long as her health permitted. The funeral services will be held at the residence at 2 o'clock Wednesday afternoon and burial will be made in the Arlington cemetery. The Rev. James R. Brown will conduct the services.

BIG ATTENDANCE AT CONFERENCE EXPECTED

County Loan Officials Anticipate a Good Representation at Meeting of Workers Tomorrow.

LIBERAL PAYMENT TERMS

Officials of the county Liberty Loan organization are expecting a large attendance at the county conference of workers here tomorrow afternoon at two o'clock when plans for the forthcoming campaign will be formulated. The meeting will be held in the court house. Both men and women township workers have been called and will probably hold separate meetings.

The announcement received here, showing the liberal installment plan for the Victory loan, is expected to stimulate the buying of bonds of the fifth issue. The notes will be dated May 20, and payments will be required as follows:

Ten per cent with application on or before May 10, 10 per cent July 15, 20 per cent August 12, 20 per cent September 9, 20 per cent October 7 and 20 per cent on November 11, with accrued interest on deferred installments.

AN AVERAGE ON REAL ESTATE NOT AVAILABLE

Not Enough of it Assessed Yet, County Assessor Says, to Get Idea of Appraisements

MEMBER STATE BOARD HERE

On account of the small amount of land and improvements which has been appraised, the county assessor, Earl Priest, was unable to get an average on real estate valuation in the county, at the conference with township assessors here Saturday afternoon, but assessors did make reports on their appraisement of personal property and Mr. Priest was busy today in preparing a report for the state tax commissioners, showing an average for each item by townships.

Mr. Priest said what real estate that had been assessed showed that farm land and improvements was being appraised at an average of more than \$140 an acre.

Mr. Priest announced that S. N. Cragun, a member of the state tax board, was here last week investigating the work of the assessors. He is reported to have found the appraisements satisfactory, with the exception of one township, which will probably have to raise its average. Mr. Cragun, who is in charge of this territory, will be back here twice before the assessing season closes.

At the Red Cross canteen at Vichy, France, 2,000 soldiers write letters on Red Cross stationery daily. The average daily attendance at the theater is 3,300.

WILSON THREATENS PUBLICITY'S GLARE

Reported to Have Planned to Resort to This Policy if "Big Four" Does Not Speed Up

LOSES FIGHT FOR AMENDMENT

Hope Grows in Berlin That Danzig Question Will be Settled Without a Break

(By United Press.)

Berlin, Mar. 31.—Hope grew in official circles here today that the Danzig questions would be settled without a break with the allies.

The newspapers approved the proposal for further negotiations with the allies regarding their demand that Polish troops be permitted to land at Danzig. Marshal Foch has extended an invitation for a plenipotentiary to meet him at Spa to discuss this matter.

The German government has decided to send Mathias Erzberger, according to reports today.

The strike at Essen is increasing. More than 40,000 workers under Spartacan leadership are demanding a general strike throughout Central Europe.

Paris, Mar. 31.—President Wilson was understood today to have threatened to use the club of "pitiless publicity" in an effort to speed up the peace conference.

According to persons close to the president, he is said to have threatened others of the "Big Four" to publish the facts as to who is delaying the peace settlement and why, unless the session begins to show real results.

Wilson's action, according to belief expressed in certain official circles, will eliminate much of the controversial matter that has reduced the peace conference to practical marking time in the past few days.

Many allied representatives, it was said, do not appreciate that sentiment in the United States will not permit indefinite prolongation of the discussion owing to the American desire to get its soldiers home from Europe.

It was said the president evidently reached the conclusion that he could not obtain a clause definitely protecting the Monroe Doctrine and was merely reduced to accept the covenant without a special Monroe Doctrine section.

When the "Big Four" resumed its session today the question of reparation was expected to be the principal subject of discussion. An effort was to be made to dispose of this problem which is understood to have been chiefly instrumental in delaying the peace work during the past week.

Premier Lloyd George, it was learned, was preparing to offer a substitute for the French plan presented last week which proposed that France's share of indemnities be \$15,000,000,000. A prominent financial expert said today that the "Big Four" had obtained the advice of several financiers in this matter and that he understood the French proposal had been headed off.

The informant indicates that President Wilson and Premier Lloyd George felt that \$15,000,000,000 was excessive.

Reconciliation of the French viewpoint with that of the other allies was admitted to prevent difficulty, but the problem will be approached sympathetically, it was said.

CLASSES IN HYGIENE

Indianapolis, Mar. 31.—Classes in home hygiene and care of the sick were to be opened here this week to encourage better health conditions. Today was the last day for registration of women who wish to join the classes. The work will be conducted by Miss Katherine Fansler.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

MOLINE

It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 78 acres.

The light weight of the Moline-Universal Tractor, 3,380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29 1/2 inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 24-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfected 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

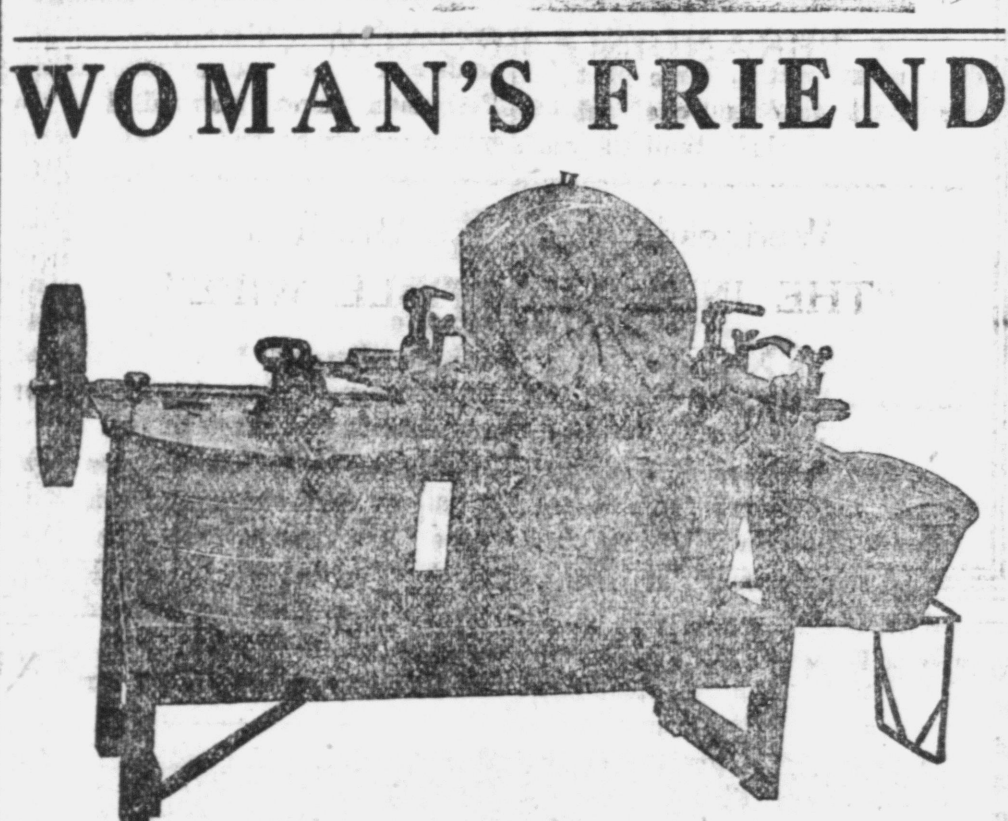

We invite you to examine this machine at your earliest opportunity.

WOMAN'S FRIEND

POWER AND ELECTRIC WASHER

Notice the good features on the Woman's Friend Machine that you will not find on any other washer—

See the large, round rubbing board that you will not find on any other power washer. It is 4 inches larger than on any other machine using the same style rubber, and is the only power washer with the LARGE end of the tub at the top and the Small end at the bottom, which enables you to do a small washing with less water than with the large end of the tub at the bottom. The tubs are made of White Cedar and are 1 1/2 in. thick, which makes the best tub you can buy and will last a life time. You do not need a wash-board when you use the Woman's Friend Power Washer and will not roll up the other clothes. The single and double both have two stationary wringers, which makes them solid and more durable than the swinging wringer.

DIVORCE IS GRANTED TO JESSE REUFENACHT

Decree Ordered on Payment of Costs
by Judge Sparks—Glen Smith
is Discharged

SENTENCED FOR BURGLARY

A divorce was granted the plaintiff on the payment of the costs in the case of Jesse Reufenacht against Fone M. Reufenacht, the evidence in which was heard by Judge Sparks in the circuit court Saturday. The case of Robert Greener against Frank Moore, Jr., for \$35 on an account, has been dismissed. It was appealed from a justice of the peace court to the circuit court.

The final discharge of Glen Smith, who was sentenced to a term of 10 to 20 years in the state reformatory in the court here January 12, 1915, has been recommended by the trustees of the reformatory. Smith was convicted of burglary in connection with the robbery of the William G. Mulno clothing store. He was disenfranchised for ten years in addition to being sent to the reformatory.

OLD ADAGE TRUE IN THE CASE OF MARCH

It Came in Like a Lamb And Is Going Out Like a Lion—Freezing Temperature Tonight.

MONTH WAS AN IDEAL ONE

The old adage, "Comes in like a lamb, it will go out like a lion," held true this time in the case of the month of March. It will be remembered that previous to the first day of March the weather was raining and cold, but upon that day it was like summer. This has been the most remarkable March that aged citizens can recall, there having been very few days that the sun was not shining bright from morning to evening.

This morning the mercury stood at 30 degrees and it was thought that by tonight it would be much lower

A Missionary Enterprise.

Every year the United States ships tons and tons of chewing gum to China and Siam and the Malay Islands.

The question arises what could possibly have created the demand for such a commodity in Hong-Kong and Bangkok and Singapore.

It began with the missionaries—good resourceful people. They found that the natives, whom they had come to Christianize and civilize, had a dreadful habit of chewing betel nut. Betel nut is a concoction which contains small quantities of

an injurious drug. Also its continued use turns the teeth jet black.

In order to counteract the effect of this deleterious habit the ingenious missionaries, having caught their natives, proceeded to cultivate in them a taste for Wrigley's Spearmint and a corresponding disinclination for betel nut. The natives came, they chewed, they were conquered, and much of America's chewing gum finds its final destiny in the mouths of Siam and Borneo.

We would suggest to these excellent missionaries that having worked this reformation in heathen lands, they would find more worlds to conquer in America. The field is a different one, but it exists.

Who has not been driven almost wild by the facial contortions of the reckless gum-chewer? Who has not been repelled when the band plays "The Star Spangled Banner" by a throng of patriotic jaw chewing in time to the music? What business man has not found wads of gum plastered upon desk or typewriter by thrifty and prudent employees?

We submit that the comfort and spirituality of the people of this country would be much enhanced if the missionaries would labor here to curb the zeal and dexterity of the gum-chewers. As they have met one problem effectively in Asia, they can doubtless meet another at home and will thus merit our undying gratitude.

Profiting by Experience

France's stipulation that the German territory lying west of the Rhine be ceded to her seems to have been turned down by the peace conference. If so, the decision is a wise one.

It is not surprising that France, embittered for fifty years by the cession of Alsace-Lorraine to Germany after the war of 1871, should now seek a similar advantage. But the very fact that the Alsace-Lorraine question has been a constant menace to the peace of Europe shows the futility of such a step.

Race, religion, language and national customs form the natural boundaries of countries. Bismarck, himself, shrewd diplomat and statesman that he was, said at the time of the cession of Alsace-Lorraine, "I do not like having so many Frenchmen in our house against their will." The splendor of the prize, however, overcame his better judgment.

Europe will not repeat this mistake. Placing any considerable amount of German territory under the government of France would be

HOW'S YOUR BLOOD?

Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and barks such as Dr. Pierce's Golden Medical Discovery is and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Grand Rapids, Wis.—"I am a great believer in Dr. Pierce's medicines. When in a delicate condition, I had eczema very bad. I took 'Golden Medical Discovery' and it cured me and I have never had any trace of it since. When my baby was born he was broken out. I gave him the Discovery and it cured him, also. I don't think my child would have lived only for this remedy. After the birth of baby I was miserable. I would have pains and headaches. I took medicines but got no relief. Finally, I began taking 'Favorite Prescription' and in the next month I was all right—felt fine, and have been well ever since. "I can recommend all Dr. Pierce's medicines for they did wonders for me and for my family."—Mrs. Anna Zeller, 548 10th Ave., North.

Digest of New Indiana Laws

By Charles Kettleborough.

Automobile Theft—An act which became effective on March 18th makes it a misdemeanor for any person to have in his possession any automobile or motorcycle from which the manufacturer's serial number or any other distinguished or identification mark or number has been removed, defaced, destroyed or covered for the purpose of concealing the identity of the automobile or motorcycle.

National Guard—At the outbreak of the war many Indiana National guardsmen inducted into federal service were not supplied with uniforms. The state of Indiana, through the adjutant general's office purchased and supplied suitable uniforms to both officers and men at a cost of \$13.31 per man. Under the provisions of the military laws of the state neither officers nor men can receive credit for these uniforms until they are returned and since they have been worn out the obligation cannot be discharged. By an act which became effective March 14, the adjutant general is authorized to repay to each federalized Indiana National guardsman the sum of \$13.31 paid for uniforms and to discharge all obligations against Indiana National guard officers created by the purchase of uniforms.

REPORTS OF A WOLF IN ORANGE TOWNSHIP

Farmers Said to Have Shot at One Southwest of Moscow But Failed to Bag the Game

SILVER GRAY FOX IS KILLED

Farmers of Orange township report having seen a wolf two and a half miles southwest of Moscow last week, which may have some bearing on the story that Thomas W. Herbert of southern Rush county shot a silver gray fox last Friday while the animal was in the act of killing chickens at the home of L. W. Kretzmer, a neighbor.

Farmers who got a good view of the animal in Orange township, declare that it was a wolf, but it is said by others that the "wolf" in question may have been the fox which Mr. Herbert killed. However, it is reported that some Orange township farmers were in pursuit of the alleged wolf and succeeded in getting a few shots at it, but failed to bag the game.

Again, it is stated that the wolf which was reported near Moscow may have been the animal which Oneal Brothers turned loose at their spring opening, recently, for a wolf hunt, and which was finally captured by a boy.

Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions.

The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

Caruso at The Princess

Signor Enrico Caruso has sung before larger but not more appreciative audiences than the one that listened to his "Pagliacci," during the filming of his first Artercraft Photoplay, "My Cousin," which is being shown at the Princess theatre tonight. Several thousand persons gathered at the Manhattan Opera House stage entrance in New York early one morning, and waited in a hot July sun for several hours in order to catch a glimpse of the great tenor when he alighted from his car.

Three hundred "extra" persons arrived in gowns that bore no less than Fifth Avenue trade marks, and many of these "extra" persons came in their own cars and taxies and brought their maids. It was not really a mob of "extras" of the usual type, but a bevy of beautiful girls and women who felt glad to be filmed in the Caruso picture and who did not feel unfamiliar with their surroundings.

They rose and applauded the tenor when he entered, and although Edward Jose, the director, told them to be quiet, they forgot the instructions many times and burst into wild applause. Mr. Caruso sang three times for them, while the cameras could be heard clicking during the pauses, but no other noise broke the silence until the last note died on his lips and with one accord the "extras" rose, and shouts of "bravo" filled the theatre. Mr. Jose ran down the aisle with his megaphone shouting "fine, fine, now we'll do it all over again and get this in the picture. Tuesday William S. Hart in "Branding Broadway," will be shown.

Keep the Kidneys Well

Health is Worth Saving, and Some
Rushville People Know How to
Save It

Many Rushville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Rushville citizen's recommendation.

Mrs. Lizzie Boren, 840 W. Ninth St., says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. I was told I had gravel. I heard how someone else had been cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me at once and after I had taken four boxes, the pain had left and I felt a great deal better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Boren had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.—(Adv.)

Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give

Foley's Honey and Tar.

It is just what they ought to have for feverish colds, coughs, "snuffles," and wheezy breathing. It stops croup, too. Foley's Honey and Tar tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute.

Mrs. B. H. Garrett, Schoolfield, Va., writes: "My baby was stricken with a severe cough and cold at one month old. I gave him ten to fifteen drops of Foley's Honey and Tar every three hours and it surely did help him. He hasn't been sick a day since."

F. B. JOHNSON

Forest Webb was delightfully surprised yesterday at his home southwest of the city by a number of his friends and relatives, the occasion being his twenty-fourth birthday. The dining table, where the bountiful pitch-in dinner was served, was centered with narcissus. Those partaking of the hospitality of the hostess were Mr. and Mrs. Isaac Webb, Mr. and Mrs. Rue Webb and Miss Zella Aldridge of this city, William Orme of near Homer, Mr. and Mrs. William Weingarth and children Elsie, Maurice and Carl, Mr. and Mrs. George Weingarth and daughters Marie and Julia and son Paul, Mr. and Mrs. John Brown and sons Waldo and Robert and daughter Emma, Henry Weingarth and Miss Emma Weingarth of near Manilla.

NOTICE
Of the Filing of a Petition For the Improvement of a Highway in Rush County, State of Indiana:

In the Matter of the Petition of A. C. Sharp et al. for the improvement of a highway, Under the County Unit Road Act, in Rush County, Indiana.

Notice is hereby given, that a petition addressed to the Board of Commissioners of Rush County, State of Indiana, signed by more than fifty freeholders and voters of said county, and praying for the improvement of a highway wholly in said county, was filed in the office of the Auditor of said County on the 31st day of March, 1919, and the said Auditor then and there designated by endorsement thereon, the 19th day of April, 1919, being a day in a regular session of the said Board of Commissioners and not more than thirty days after the filing of such petition, as the day upon which said petition shall be presented to said Board.

That said petition is for the improvement of a highway under an act of the General Assembly of the State of Indiana, approved March 11th, 1919, known as the County Unit law; that the matter to be considered at such hearing is whether said petition is in due form and sufficient in substance to order such petition to be spread of record and refer the matter therein prayed for to the County Surveyor, in accordance with the provisions of said act that the beginning, course and terminus of the proposed road and improvements are as follows:

Beginning at the north end of the Frank H. Green et al. improved concrete highway, in Rushville Township, Rush County, Indiana, the same being at the intersection of the line running north and south dividing sections 22 and 23, Township 14 North, Range 10 East, and the middle line running east and west through said sections and running through the established line between sections 22 and 23 to the north line of said Rushville Township, thence north along the line dividing Sections 20 and 21 a distance of about 80 rods, thence in a northeasterly direction through the west half of Section 21, and the southwest quarter of Section 16, all said sections 16, 20 and 21, to the center line north and south through said section 16; thence north following said line to the north line of Jackson Township, said County and State; thence in a north and northeasterly direction following established highway over and across Section 9 and 4, said Township and Range, to the north line of Union Township, said County and State, thence in a northeasterly direction following aforesaid highway to a point a short distance north-east of the center of Section 33, Township and Range aforesaid; thence in a northerly direction through Sections 33, 25 and 21, to the north line of said Section 21, Township and Range aforesaid; thence along the line dividing Sections 16 and 21 to the southwest corner of said Section 16; thence north over and along an established highway along the line dividing Sections 16, 17, 8 and 9, 4 and 5, all in said Township and Range and terminating at the north boundary line of said County, and said road being about eleven (11) miles in length.

That said petitioners recommend that the highway made forty feet in width, that an established highway through the course of the proposed improvement, be paved with cement or bituminous concrete to the width of eighteen feet, with sufficient berms and ditches at each side thereof, and with such culverts, bridges and other waterways as the Surveyor or Engineer deems sufficient.

Now, therefore, all parties concerned are hereby notified that on the 10th day of April, 1919, at 10 o'clock in the forenoon or as soon thereafter as the same can be heard at a regular session of said Board at its office in the Court House of said County, the said petition will be presented to said Board and a hearing had thereon, and that any interested party may appear at such hearing and show cause why the request prayed for in the petition shall not be granted.

In Witness Whereof, I, William H. McMillin, Auditor of said County, have signed the above and foregoing notice and affixed thereto the seal of said County, this 31st day of March, 1919.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands, Strong, Vigorous, Keen-Minded, Men and Women

It has been said of Americans that they work their habits overtime.

Many become nervous and inefficient by overwork.

By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Timidity, despondency, fear, trembling hands, want of confidence and even cowardliness, are due in a large measure to abused nerves.

People with plenty of red blood corpuscles and strong, healthy nerves have no desire to shirk work and lean on others for guidance and support.

There is hardly a nerve-shattered man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and energetic in body in a very few weeks and at trifling cost.

To become strong and ambitious, to feel that work is not drudgery; to have steady nerves, abundance of red blood and power of endurance; to be not only a man but as men now go, a superman, you must take seven tablets of Bio-ferrin every day for seven days—and take them faithfully.

Take two after each meal and one at bedtime and after seven days take one only after meal until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if your nerves are not twice as steady as before; if you do not feel ambitious, more vigorous and keen-minded, the pharmacist who dispensed the tablets to you will gladly hand you back just what you paid for them.

Bio-ferrin is without doubt the grandest remedy for nervous, rundown, weak, anemic men and women ever offered direct through druggists and is not at all expensive. All druggists in this city and vicinity have a supply on hand—sell many packages.

EVERETT M'HENRY IS BACK

Word of His Safe Arrival in New York Received by Parents

Mr. and Mrs. Jesse McHenry of Richland township received word from their son Everett Saturday to the effect that he had arrived safely in New York from overseas. Waggoner McHenry left here with one of the first increments of drafted men, receiving his training at Camp Taylor, Kentucky. He was later transferred to an eastern camp and sailed from New York early in 1918. McHenry has had practically a year's overseas service, most of this time being in the headquarters company. He left here with Walter Nienstedt, John W. Deerin and Nolan Hood, all of Richland township.

You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.
If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?
Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

PROMINENT MEN TO ADDRESS MEETING

Indianapolis Branch of National
Medal Trades Association Ses-
sion Opens Today

DR. COONLEY ON PROGRAM

Plan For Conference Committee of
12 to Fix Principles to Gov-
ern Industrial Relationship

(By United Press.)

Indianapolis, Ind., Mar. 31.—Men of national prominence and others of renown in the state were scheduled to address the annual meeting and dinner of the Indianapolis branch of the National Medal Trades association which opened here today.

Howard Coonley vice president of the Emergency Fleet Corporation, Dr. W. A. Pratt, international authority on world economies were on the program to address the association.

Coonley was to tell the association of the success of the new labor plan whereby the employees are given a share in the management of the plants and an interest in the prosperity. This plan was suggested by him for the Walworth Manufacturing Plants at Boston, Mass., and Kenawnee, Ill., of which Coonley is president.

As outline for the plants the plan provides for a conference committee of twelve members to determine the principles and policies to govern the industrial relationship and to establish the machinery for carrying such principles into effect. Six members of the conference committee were to be selected by the employees and six by the employers each to elect a joint chairman.

Matters to be settled by such a board would be: methods of fixing wages, methods of safeguarding the employees and improving working conditions, methods of increasing economic security of workmen by mutual aid associations and long term wage contracts, relation of employee to outside organizations and opportunities for self-expression and initiative of employees.

Other questions which apparently affect only the management but which would really extend to the workmen and the community also would be considered by the board. These would include classification of employees and their advancement and discharge.

Coonley's idea were gleaned from his war experience with the United States government in his capacity with the Emergency Fleet Corporation. The subject of his address was to be "Meeting Problems in the Emergency Fleet Corporation."

Dr. Pratt was to speak on "Germany's Economic Program Now Outlined For the Recovery of Lost Trade and Study of Industrial and Other Forces Still Alive With Which the World Will Have to Deal." Pratt's home is in Cedar Rapids, Ia., but he traveled extensively in the Central Empire of Europe before the war was started and he was brought in close contact with internal conditions of those countries.

Governor James P. Goodrich and Mayor Jewett of Indianapolis were invited to attend the dinner. Invitations were also extended to officials of the local civic and commercial organizations.

Many Indiana cities hold membership in the local organization among them Kokomo, Muncie, Anderson, Marion, Connersville, Lafayette, Columbus and Evansville.

and rightful claims against it, and do the same with the fund now levied.

"No provision is made in the new laws concerning the road tools and road machinery owned by the township, the same, therefore remains the property of the township."

"It is my opinion that the board of commissioners may employ persons to use machinery owned by the township; I know of no connection the county highway superintendent of gravel roads has with the unimproved roads."

It is the way in which the Essex combines the advantages of economy in first cost and operation with the performance, endurance and excellence of detailed finish of large costly cars that it is attracting so much attention wherever motor cars are considered.

Such qualities have never before been combined in a single car.

Easy riding quality and endurance were never expected. Such cars have not been distinguished for the character of their performance.

That is why everyone is so happily surprised at the Essex. Without large expense, all the advantages in performance and endurance that have been the exclusive possession of cars costing two and three times as much are obtained in the Essex.

The five-passenger model sells for \$1395, f. o. b. Detroit.

**A Mother's Happiness
Made Perfect**

Of Utmost Importance That She Have
Every Care.

The expectant mother's physical comfort should be our first thought, and all about her should see to it that her preparation for baby's coming be complete.

There is a most splendid remedy to prepare women for the greatest time in their lives, known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours at the time are fewer, and pain and danger at the crisis is naturally avoided.

Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which more often than otherwise accompanies such an occasion when nature is unaided. Every nerve, muscle and tendon is thoroughly lubricated. Discomfort during the period is counteracted, and the skin, after the crisis, is left smooth and natural.

Write to the Bradfield Regulator Company, Dept. B, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the drug store today without fail.

ROAD CONTRACTS TOTAL \$92,772

Three Are Awarded by County Commissioners And No Bids Are Received on Two Others

TWO OF THEM CEMENT ROADS

Lawrence and Ennis Get Willard Tribbey Highway and George T. Miller, J. G. Beale Highway

Three road contracts amounting to the combined sum of \$92,772, were awarded by the county commissioners late Saturday afternoon, and two other roads on which no bids were received were advertised for reletting April 26.

The Willard Tribbey cement road in Posey township went to Lawrence and Ennis of Arlington for \$20,822. The John G. Beale road in Rushville township will be built by George T. Miller of Lebanon, who is the contractor on the Third street pavement in this city and who built the cement road through Carthage. His bid was \$53,200. The contract for the William T. Moore macadam road in Richland township was given to Amos U. Stevens for \$18,750.

Five contracts were advertised for letting Saturday and only five bids were submitted, three of them being on one road and one each on two others. No bids were received on the Chester Cross macadam road, a little less than a mile long, in Jackson township, or the Fred McManus macadam road, about a mile and a half long, on the Jackson-Center township line.

George T. Miller also submitted a bid of \$21,500 on the Tribbey road and Edward G. Grant of Greenfield, who built the Frank Capp cement road south of Rushville, bid \$19,850. The road will begin in the town of Arlington at the intersection of the Carthage pike and the Indianapolis pike and will run north 4,000 feet, a little more than three-quarters of a mile. It will be twenty-four feet wide in the town of Arlington and will be reduced to sixteen feet in width the rest of the way.

The Beale road begins at the Rushville-Indianapolis pike west of here and runs three miles north to the Jackson township line. It will be only ten feet wide.

In addition to awarding contracts on the Cross and McManus roads on Saturday, April 26, the commissioners will also advertise for bids on the Gabe Hildreth macadam road in Richland township and Edgar Rudy gravel road in Ripley township on the same day, it was decided Saturday.

It was found the hearing on the petition of Noah Reddick and others for a gravel road in Ripley township could not be held April 19 because no notice was posted in the township as required by law.

The next meeting of the commissioners will be held Monday, April 7, when contracts will be awarded on the John H. Power cement road in Rushville township and the John R. Weir road in Noble township. The Power road will begin at the end of the brick pavement in North Main street and run to the Jackson township line, a distance of 6,721 feet, and will be eighteen feet wide with a four-foot berm. The Weir road, which will also be cement, will begin at the Rushville-Noble township line, where the Frank Capp cement road ends, and extend a distance of 7,300 feet. It will be sixteen feet wide, according to the profile in the auditor's office, and will also have a berm.

SENTENCE IS SUSPENDED

John Remington Also Fined for Bringing Home Quart of Whiskey

John Remington, age 73, C. I. & W. flagman, was fined \$50 and costs and given a sentence of sixty days in the penal farm this morning in police court when he pleaded guilty to the illegal possession of liquor. Remington went to Hamilton, Ohio last Saturday afternoon and when he returned about nine o'clock Saturday night, he was arrested by Chief of Police Seward. As this was his first offense, the penal farm sentence was suspended. It was said that this was the first time that Remington has been out of the city for six years.

FINED FOR ASSAULT ON POLICE OFFICER

Omer (Red) Adams Also Pleads Guilty to Charge of Intoxication Before Mayor Irvin.

JAIL SENTENCE SUSPENDED.

Omer (Red) Adams was fined \$5 and costs on two charges this morning in police court by Mayor Irvin when he pleaded guilty to a charge of public intoxication and also for assault and battery on a police officer. Policeman Havens was called to the water and light plant about twelve o'clock Saturday night and when he arrived there, he found Adams down and asked him to go home and avoid trouble. Adams replied that no officer could arrest him and started a fight. Marshall Newhouse arrived on the scene a few minutes later and Adams was taken to jail.

He was also sentenced to ten days in jail on each charge but this sentence was suspended. The fine, which amounted to thirty dollars, was paid and Adams was freed. He recently returned home from camp after having seen overseas service.

DEAD GIRL LIVED AT RUSSELVILLE

Similarity of Names of Two Towns Believed Responsible For Mistake—Identified by Sister

NOT NEICE OF DICK GWINNUP

Relatives of Elva Dickerson, the girl who committed suicide by drinking poison while in the basement of the Terminal station in Indianapolis last Friday night and died before medical aid arrived, were located by Coroner Robinson of Indianapolis. The note left in the pocketbook was addressed to Rushville R. R. 1, Box 47, and it was thought that she belonged in this county, but following an investigation it developed that she did not belong here. Dick Gwinup, of near New Salem, whose box number is 47, made a trip to Indianapolis Saturday, on the theory that the dead girl might have been a neice of his who had been gone for ten or eleven years, but later the identity of the girl was discovered.

Mrs. Harley Hall of Indianapolis, a sister of the dead girl, identified her and the body was taken to Russellville for burial, as this is the home of her parents. It is thought that the similarity of the two names, Rushville and Russellville, was the cause of the mistake made. Mrs. Hall told the coroner that she believed her sister committed suicide to free herself from the attentions of her divorced husband. A note wrapped around the bottle that contained the poison read: "I am tired of living and am going to take this poison."

UPHOLDS LOCAL OPINION ON LAW

Attorney General Stansbury Says Trustees Must Turn Over Road Funds to Commissioners.

OPINION TO CHIEF HENDREN

Money Must be Expended in Township in Which it Was Raised—Trustees Will Act Now.

Following the interpretation of the new county unit road law, clearing up apparent conflicts with other highway laws, which has just been given by the attorney general, E. C. Stansbury, township trustees in the county are not expected to hesitate any longer about turning over to the commissioners the balance in their road maintenance funds.

At a conference of county officials and the trustees a week ago Saturday, the county trustees should turn over road maintenance money and road equipment held by them, because the law takes from the trustees all jurisdiction over roads. The trustees, however, said they would not release this road money until they were given the authority by Gilbert Hendren, chief of the state board of accounts, because it is with him that they have to make an accounting.

The opinion of the attorney general was given to Mr. Hendren and holds there was no serious conflict between the three roads laws enacted by the 1919 legislature. In regard to the county unit road law and the Beardsley act, which was in substance an amendment of the highway law of 1913, the attorney general says "at first blush some of the provisions seem to be in conflict, but I think they can be harmonized."

The opinion points out that the county unit law provided that the road money of the township be turned over to the county treasurer to be expended by the county commissioners, but "I do not believe the legislature intended to make that money available for repairs on roads in other townships. That would mean that the legislature had arbitrarily ordered money raised by a municipality for a certain purpose to be applied and used for a purpose wholly different from that for which it was paid by the people of the township, and for the benefit of other municipalities."

The fourteen questions that had been raised by township and county officials concerning the road laws are answered as follows in the summary of the opinion:

"The board of commissioners have control, management and supervision of the unimproved township roads."

"The township trustee should immediately pay the balance of his road fund into the county treasury and should also pay into the county treasury the proceeds of the road levy to be collected for the current and subsequent years."

"The county commissioners must expend the road repair money levied by the township advisory boards on repairs of the unimproved roads in the township where the levy is made."

"The county free gravel road system must be cared for as heretofore."

"The township road fund levy for repairs should be made each year by the township advisory board on the estimate from the board of county commissioners, and not be paid over to the township trustee, but be expended by and through the supervision of the commissioners."

Under the new laws no part of the road tax can be worked out, but must be paid in cash.

It is my opinion that the township trustee, before paying over the money of the road fund now on hand into the county treasury, should free the fund from all legal claims against it.

WATSON BOOM ALL READY TO UNCORK

Only Thing Which Will Prevent it at Richmond Rally Wednesday Will be Senator's Wishes

SCORES FROM HERE TO ATTEND

Charles L. Watson Quoted in Richmond Paper as Saying Sen. Watson Will Not Sanction Move

That a life-sized presidential boom awaits uncorking at the sixth district rally of republicans at Richmond Wednesday, is the information which is being received here. It is understood that a speech has already been prepared by the man who expects to launch the Watson candidacy if Senator Watson does not refuse to have it done.

Scores of republicans from this county are planning to attend the rally, the climax of which will be a speech by Senator Watson Wednesday evening at the coliseum on the proposed league of nations and other subjects of vital interest at this time. Many republican workers are planning to be present at the organization meeting at the court house in the afternoon.

Linus P. Meredith, an ardent Watson man, who is clerk of the Wayne circuit court, appeared for duty one day recently with a lapel button bearing a photograph of Senator Watson, beneath which is the slogan "Watson for President, 1920." According to Meredith, this is the original Watson-for-President button—the only one, he declares, in Indiana.

"But they are to be put out by the tubful in a few months," the clerk is reported to have told republicans who made inquiry about them.

F. M. Campfield, chairman of the committee making arrangements for the Watson meeting, is quoted in the Richmond Item as saying that the only thing which will keep the Watson boom from being sprung is the senator's personal wishes.

Charles L. Watson, of Perry, Oklahoma, who was in Richmond enroute home after a visit with his mother, Mrs. E. L. Watson, of Winchester, replied, when interrogated by an Item reporter, that he was of the opinion that this action would not meet with Senator Watson's approval.

"I am not in my brother's confidence and cannot speak for him," said Mr. Watson, "but I am positive this action would not be sanctioned by him."

"I was in Louisville with my brother several weeks ago and heard him say on the platform that he was not a candidate for president."

"He said, to quote him exactly, that:

"I am not a candidate for president, I have but one ambition and that is to serve Indiana acceptably in the United States senate."

"I feel quite sure that he would regard the proposed action in this city ill-advised. But, understand, I am not speaking for him and have, of course, no knowledge of conditions here."

Charles Watson stated that his brother, had, he thought, selected Wayne county to make his first utterance on the subject of the league of nations out of compliment to the manner in which Wayne county had recently supported him.

That Senator Watson was conscientious in his desire to make his stand clear on the subject of the league of nations was the further statement of Mr. Watson, who said that Senator Watson's point of view was that every senator should make his position definitely known before the matter came up for discussion in the U. S. Senate.

The following is the program for the rally:

MRS. BERT HEIFNER DIES

Arlington Woman Expires This Morning at 8:20 of Influenza.

Mrs. Bert Heifner, age 38 years, died at her home in Arlington this morning at 8:20 of the influenza. She was the daughter of Mr. and Mrs. Saunderson of Arlington, both of whom are dead. She is survived by the husband, and one son, Earl, age 15, besides a brother and sister. Mrs. Heifner was a member of the Arlington Christian church, being a faithful attendant as long as her health permitted. The funeral services will be held at the residence at 2 o'clock Wednesday afternoon and burial will be made in the Arlington cemetery. The Rev. James R. Brown will conduct the services.

BIG ATTENDANCE AT CONFERENCE EXPECTED

County Loan Officials Anticipate a Good Representation at Meeting of Workers Tomorrow.

LIBERAL PAYMENT TERMS

Officials of the county Liberty Loan organization are expecting a large attendance at the county conference of workers here tomorrow afternoon at two o'clock when plans for the forthcoming campaign will be formulated. The meeting will be held in the court house. Both men and women township workers have been called and will probably hold separate meetings.

The announcement received here, showing the liberal installment plan for the Victory loan, is expected to stimulate the buying of bonds of the fifth issue. The notes will be dated May 20, and payments will be required as follows:

Ten per cent with application on or before May 10, 10 per cent July 15, 20 per cent August 12, 20 per cent September 9, 20 per cent October 7 and 20 per cent on November 11, with accrued interest on deferred installments.

AN AVERAGE ON REAL ESTATE NOT AVAILABLE

Not Enough of It Assessed Yet, County Assessor Says, to Get Idea of Appraisements

MEMBER STATE BOARD HERE

On account of the small amount of land and improvements which has been appraised, the county assessor, Earl Priest, was unable to get an average on real estate valuation in the county, at the conference with township assessors here Saturday afternoon, but assessors did make reports on their appraisal of personal property and Mr. Priest was busy today in preparing a report for the state tax commissioners, showing an average for each item by townships.

Mr. Priest said what real estate that had been assessed showed that farm land and improvements was being appraised at an average of more than \$140 an acre.

Mr. Priest announced that S. N. Cragun, a member of the state tax board, was here last week investigating the work of the assessors. He is reported to have found the appraisements satisfactory, with the exception of one township, which will probably have to raise its average. Mr. Cragun, who is in charge of this territory, will be back here twice before the assessing season closes.

At the Red Cross canteen at Victory, France, 2,000 soldiers write letters on Red Cross Stationery daily. The average daily attendance at the canteen is 3,300.

WILSON THREATENS PUBLICITY'S GLARE

Reported to Have Planned to Resort to This Policy if "Big Four" Does Not Speed Up

LOSES FIGHT FOR AMENDMENT

Hope Grows in Berlin That Danzig Question Will be Settled Without a Break

(By United Press.)

Berlin, Mar. 31.—Hope grew in official circles here today that the Danzig questions would be settled without a break with the allies.

The newspapers approved the proposal for further negotiations with the allies regarding their demand that Polish troops be permitted to land at Danzig. Marshal Foch has extended an invitation for a plenipotentiary to meet him at Spa to discuss this matter.

The German government has decided to send Matthias Erzberger, according to reports today.

The strike at Essen is increasing. More than 40,000 workers under Spartacist leadership are demanding a general strike throughout Central Europe.

Paris, Mar. 31.—President Wilson was understood today to have threatened to use the club of "pitiless publicity" in an effort to speed up the peace conference.

According to persons close to the president, he is said to have threatened others of the "Big Four" to publish the facts as to who is delaying the peace settlement and why, unless the session begins to show real results.

Wilson's action, according to belief expressed in certain official circles, will eliminate much of the controversial matter that has reduced the peace conference to practical marking time in the past few days.

Many allied representatives, it was said, do not appreciate that sentiment in the United States will not permit indefinite prolongation of the discussion owing to the American desire to get its soldiers home from Europe.

It was said the president evidently reached the conclusion that he could not obtain a clause definitely protecting the Monroe Doctrine and was merely reduced to accept the covenant without a special Monroe Doctrine section.

When the "Big Four" resumed its session today the question of reparations was expected to be the principal subject of discussion. An effort was to be made to dispose of this problem which is understood to have been chiefly instrumental in delaying the peace work during the past week.

Premier Lloyd George, it was learned, was preparing to offer a substitute for the French plan presented last week which proposed that France's share of indemnities be \$16,000,000,000. A prominent financial expert said today that the "Big Four" had obtained the advice of several financiers in this matter and that he understood the French proposal had been headed off.

The informant indicates that President Wilson and Premier Lloyd George felt that \$16,000,000,000 was excessive.

Reconciliation of the French viewpoint with that of the other allies was admitted to be difficult, but the problem will be approached sympathetically, it was said.

CLASSES IN HYGIENE

Indianapolis, Mar. 31.—Classes in home hygiene and care of the sick were to be opened here this week to encourage better health conditions. Today was the last day for registration of women who wish to join the classes. The work will be conducted by Miss Katherine Frazier.

ONE MAN OPERATES BOTH TRACTOR AND IMPLEMENT

One Man Discs 27 Acres a Day with the New

MOLINE UNIVERSAL TRACTOR

It Solves The Farm Help Problem

Discing is rapidly and economically done with the new Moline-Universal Tractor, Model D, one man with an 8-foot tandem disc harrow covering 27 acres in ten hours. With a 10-foot disc harrow he covers 38 acres, and with a 20-foot peg-tooth harrow 78 acres.

The light weight of the Moline-Universal Tractor, 3,380 pounds, makes it especially adapted for discing and similar work, as it does not pack the soil and uses but little fuel, running on less than half throttle most of the time. It is light, but more than enough power to pull two 14-inch plows at high speed, all its weight being traction weight.

The Moline-Universal Tractor attaches directly to the implement and forms a single, compact unit with it that is controlled by the operator from the seat of the implement, where he must sit to do good work. One man with the Moline-Universal does as good work as two men with the average tractor.

The Moline-Universal is adapted for all classes of farm work. Its high

clearance, 29 1/2 inches, makes it ideal for cultivating, and it is equally well fitted for planting and harvesting. In addition, it has ample power for belt work, pulling a 34-inch grain separator or 16-inch ensilage cutter with ease.

There is work on the farm every day in the year for the Moline-Universal Tractor. It will do every field operation that can be done with horses and do it better, faster, and cheaper. This is why the Moline-Universal really replaces horses, and, at the same time, by enabling one man to do much more work than ever before possible, solves the farm help problem.

The detailed construction of the new Moline-Universal, Model D, is the best it is possible to manufacture. Perfected 4-cylinder overhead-valve engine, electric starting and lighting system, complete enclosure of all working parts, and fifteen Hyatt roller bearings, are a few of the main features.

We invite you to examine this machine at your earliest opportunity.

WOMAN'S FRIEND

POWER AND ELECTRIC WASHER

Notice the good features on the Woman's Friend Machine that you will not find on any other washer—

See the large, round rubbing board that you will not find on any other power washer. It is 4 inches larger than on any other machine using the same style rubber, and is the only power washer with the LARGE end of the tub at the top and the Small end at the bottom, which enables you to do a small washing with less water than with the large end of the tub at the bottom.

The tubs are made of White Cedar and are 1 1/2 in. thick, which makes the best tub you can buy and will last a life time.

You do not need a wash-board when you use the Woman's Friend Power Washer and will not roll up the other clothes.

The single and double both have two stationary wringers, which makes them solid and more durable than the swinging wringer.

Stop Itching Eczema

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying a little zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use zemo, the penetrating, antiseptic liquid. It is not a greasy salve and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

DIVORCE IS GRANTED TO JESSE REUFENACHT

Decree Ordered on Payment of Costs by Judge Sparks—Glen Smith is Discharged

SENTENCED FOR BURGLARY

A divorce was granted the plaintiff on the payment of the costs in the case of Jesse Reufenacht against Fone M. Reufenacht, the evidence in which was heard by Judge Sparks in the circuit court Saturday. The case of Robert Greener against Frank Moore, Jr., for \$35 on an account, has been dismissed. It was appealed from a justice of the peace court to the circuit court.

The final discharge of Glen Smith, who was sentenced to a term of 10 to 20 years in the state reformatory in the court here January 12, 1915, has been recommended by the trustees of the reformatory. Smith was convicted of burglary in connection with the robbery of the William G. Mulno clothing store. He was disenfranchised for ten years in addition to being sent to the reformatory.

OLD ADAGE TRUE IN THE CASE OF MARCH

It Came in Like a Lamb And Is Going Out Like a Lion—Freezing Temperature Tonight.

MONTH WAS AN IDEAL ONE

The old adage, "Comes in like a lamb, it will go out like a lion," held true this time in the case of the month of March. It will be remembered that previous to the first day of March the weather was raining and cold, but upon that day it was like summer. This has been the most remarkable March that aged citizens can recall, there having been very few days that the sun was not shining bright from morning to evening.

This morning the mercury stood at 30 degrees and it was thought that by tonight it would be much lower

than that. Some are predicting that April will be a March but even then people have the advantage of the weather man and can smile at a few real winter days.

A Missionary Enterprise.

Every year the United States ships tons and tons of chewing gum to China and Siam and the Malay Islands.

The question arises what could possibly have created the demand for such a commodity in Hong-Kong and Bangkok and Singapore.

It began with the missionaries—good resourceful people. They found that the natives, whom they had come to Christianize and civilize, had a dreadful habit of chewing betel nut. Betel nut is a concoction which contains small quantities of

in which the betel nut is contained and turns the teeth jet black.

In order to counteract the effect of this deleterious habit the ingenious missionaries, having caught their natives, proceeded to cultivate in them a taste for Wrigley's Spearmint and a corresponding disinclination for betel nut. The natives came, they chewed, they were conquered, and much of America's chewing gum finds its final destiny in the mouths of Siam and Borneo.

We would suggest to these excellent missionaries that having worked this reformation in heathen lands, they would find more worlds to conquer in America. The field is a different one, but it exists.

Who has not been driven almost wild by the facial contortions of the reckless gum-chewer? Who has not been repelled when the band plays "The Star Spangled Banner" by a throng of patriotic jaw chewing in time to the music? What business man has not found waste of gum plastered upon desk or typewriter by thrifty and prudent employees?

We submit that the comfort and spirituality of the people of this country would be much enhanced if the missionaries would labor here to curb the seal and dexterity of the gum-chewers. As they have met one problem effectively in Asia, they can doubtless meet another at home and will thus merit our undying gratitude.

Profiting by Experience

France's stipulation that the German territory lying west of the Rhine be ceded to her seems to have been turned down by the peace conference. If so, the decision is a wise one.

It is not surprising that France, embittered for fifty years by the cession of Alsace-Lorraine to Germany after the war of 1871, should now seek a similar advantage. But the very fact that the Alsace-Lorraine question has been a constant menace to the peace of Europe shows the futility of such a step.

Race, religion, language and national customs form the natural boundaries of countries. Bismarck, himself, shrewd diplomat and statesman that he was, said at the time of the cession of Alsace-Lorraine, "I do not like having so many Frenchmen in our house against their will." The splendor of the prize, however, overcame his better judgment.

Europe will not repeat this mistake. Placing any considerable amount of German territory under the government of France would be

HOW'S YOUR BLOOD?

Pimples and Eruptions Mean Bad Blood

People who have impure or impoverished blood should be careful to take only a temperance remedy made of wild roots and herbs such as Dr. Pierce's Golden Medical Discovery and has been for nearly 50 years. Ingredients printed on wrapper.

The first day you start to take this reliable medicine, impure germs and accumulation begin to separate in the blood and are then expelled through the eliminative organs.

In place of the impurities, the arteries and veins gradually get fresh vitalized blood and the action of this good blood on the skin means that pimples, boils, carbuncles, eczema, rash, acne and all skin blemishes will disappear. Then you must remember that when the blood is right, the liver, stomach, bowels and kidneys become healthy, active and vigorous and you will have no more trouble with indigestion, backache, headache.

Get Dr. Pierce's Golden Medical Discovery to-day at any medicine dealers, in tablet or liquid form, or send 10c for trial package to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Grand Rapids, Wis.—"I am a great believer in Dr. Pierce's medicines. When in a delicate condition, I had eczema very bad. I took 'Golden Medical Discovery' and it cured me and I have never had any trace of it since. When my baby was born he was broken out. I gave him the Discovery and it cured him, also. I don't think my child would have lived only for this remedy. After the birth of baby I was miserable. I would have pains and headaches. I took medicines but got no relief. Finally, I began taking 'Favorite Prescription' and in the next month I was all right—felt fine, and have been well ever since. I can recommend all Dr. Pierce's medicines for they did wonders for me and for my family."—Mrs. Anna Zeller, 548 16th Ave., North.

Indiana Laws

By Charles Kettiborough

Automobile Theft—An act which became effective on March 16th makes it a misdemeanor for any person to have in his possession any automobile or motorcycle from which the manufacturer's serial number or any other distinguishing or identification mark or number has been removed, defaced, destroyed or covered for the purpose of concealing the identity of the automobile or motorcycle.

National Guard—At the outbreak of the war many Indiana National guardsmen inducted into Federal service were not supplied with uniforms. The state of Indiana, through the adjutant general's office purchased and supplied suitable uniforms to both officers and men at a cost of \$13.31 per man. Under the provisions of the military laws of the state neither officers nor men can receive credit for these uniforms until they are returned and since they have been worn out the obligation cannot be discharged. By an act which became effective March 14, the adjutant general is authorized to repay to each federalized Indiana National guardsman the sum of \$13.31 paid for uniforms and to discharge all obligations against Indiana National guard officers created by the purchase of uniforms.

REPORTS OF A WOLF IN ORANGE TOWNSHIP

Farmers Said to Have Shot at One Southwest of Moscow But Failed to Bag the Game

SILVER GRAY FOX IS KILLED

Farmers of Orange township report having seen a wolf two and a half miles southwest of Moscow last week, which may have some bearing on the story that Thomas W. Herbert of southern Rush county shot a silver gray fox last Friday while the animal was in the act of killing chickens at the home of L. W. Kretzmer, a neighbor.

Farmers who got a good view of the animal in Orange township, declare that it was a wolf, but it is said by others that the "wolf" in question may have been the fox which Mr. Herbert killed. However, it is reported that some Orange township farmers were in pursuit of the alleged wolf and succeeded in getting a few shots at it, but failed to bag the game.

Again, it is stated that the wolf which was reported near Moscow may have been the animal which Oneal Brothers turned loose at their spring opening, recently, for a wolf hunt, and which was finally captured by a boy.

Who Owns The Standard Oil Company? (Indiana)

THE Standard Oil Company of Indiana is a corporation owned by the people at large, doing for the people, to the best of its ability, a big job in a highly specialized branch of industry.

The ownership is spread over 4623 stockholders—2084 of them women—not one owning as much as ten per cent of the total.

The 30 million dollars of capital stock represents a cash investment of \$117,509,465.00.

Contrary to popular opinion, the Standard Oil Company of Indiana is not a close corporation, owned and controlled by one or two rich men.

"Shelf Clingers"

The storekeeper never makes any profit from "shelf clingers."

It is goods that sell rapidly that keep the cash register playing.

And the kind of goods that keep moving are the kind the public likes.

But before people can like anything they must know it and the way they begin acquaintance is through advertising.

When the manufacturer asks a merchant to stock up his goods the storekeeper has a right to ask:

"Are you advertising your goods in the newspapers where my customers will read about them?"

The only kind of advertising which goes to all your customers, Mr. Merchant, is newspaper advertising.

Janesville Tandem Disk Harrow

THE Budlong Harrow is the only harrow we know of in which the bearings do not cramp while the machine is working. This freedom in the bearings means light draft and flexibility in the whole harrow. This allows the Budlong to make use, in a natural way, of all of its penetrating qualities to thoroughly pulverize the soil under the most trying conditions.

The rear harrow is built like a bridge and no manner of hard work will ever force this harrow to buckle in the middle.

Its Backbone Is as Rigid as a Concrete Arch

The trailer steadily holds its place back of the Budlong, whether used on side hills or on the level, on account of the way it is attached to the front harrow.

The same material used in all Janesville machines is found in the Janesville Tandem. Made in sizes from four to ten feet with sixteen-inch blades.

We looked them all over and felt our trade and local conditions would be best served by this Janesville model. Compare notes with us before you buy.

Caruso at The Princess

Signor Enrico Caruso has sung before larger but not more appreciative audiences than the one that listened to his "Pagliacci," during the filming of his first Artercraft Photoplay, "My Cousin," which is being shown at the Princess theatre tonight. Several thousand persons gathered at the Manhattan Opera House stage entrance in New York early one morning, and waited in a hot July sun for several hours in order to catch a glimpse of the great tenor when he alighted from his car.

Three hundred "extra" persons arrived in gowns that bore no less than Fifth Avenue trade marks, and many of these "extras" persons came in their own cars and taxis and brought their maids. It was not really a mob of "extras" of the usual type, but a bevy of beautiful girls and women who felt glad to be filmed in the Caruso picture and who did not feel unfamiliar with their surroundings.

They rose and applauded the tenor when he entered, and although Edward Jose, the director, told them to be quiet, they forgot the instructions many times and burst into wild applause. Mr. Caruso sang three times for them, while the cameras could be heard clicking during the pause, but no other noise broke the silence until the last note died on his lips and with one accord the "extras" rose, and shouts of "bravo" filled the theatre. Mr. Jose ran down the aisle with his megaphone shouting "fine, fine, now we'll do it all over again and get this in the picture. Tuesday William S. Hart in "Branding Broadway," will be shown.

Keep the Kidneys Well
Health is Worth Saving, and Some
Rushville People Know How to
Save It

Many Rushville people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Rushville citizen's recommendation.

Mrs. Lizzie Boren, 840 W. Ninth St., says: "About six years ago I began to have trouble with my kidneys. What bothered me the worst was my kidneys acting irregularly and they showed in a number of ways they were badly disordered. I was told I had gravel. I heard how someone else had been cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me at once and after I had taken four boxes, the pain had left and I felt a great deal better."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Boren had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (Adv.)

NEW CLOSING HOUR — 6:00 P. M.

As the dance given two weeks ago in the Modern Appliance building proved such a success, another one will be held tomorrow evening in the same building and is expected to prove equally enjoyable. The Greensburg Jazz band will furnish the music. The public is invited to attend.

Mrs. Glen Foster will entertain the members of the Loyal Daughters Class of the Main Street Christian church tomorrow evening at her home, 526 North Jackson street. The assisting hostesses will be Mrs. C. A. Hardwick, Mrs. William Wagner, Mrs. Charles Updike and Mrs. McClintic.

Owing to the death of a member of the church, the combined business meeting of the Ladies Aid society and the Missionary society of the First Baptist church, which was to have been held Wednesday afternoon with Mrs. Clifford Steffy, has been postponed until Wednesday week, April 9.

The regular monthly workers conference of the Main Street Christian Bible school will be held this evening in the basement of the church. A light supper will be served at 7 o'clock by one of the departments. Following this a full program will be given. All workers are urged to be present.

The brothers and sisters of Mr. and Mrs. Orval Martin delightfully surprised them Saturday evening, with a pitch-in supper at their home northwest of this city. The centerpiece for the dining table was a bouquet of sweet-peas and covers were laid for twenty guests. The evening was spent with games and music.

There will be a benefit social at the I. O. O. F. hall on Tuesday evening, to which all Rebekahs and their families and Odd Fellows are invited. Also at this time the lodge will honor the soldier Odd Fellows who have recently returned from overseas. A short program will be given and light refreshments will be served.

Mrs. William Dill and Mrs. Sarah Giffin delightfully entertained yesterday with a dinner party at the home of Mrs. Giffin in North Morgan street. The center of the table was adorned with a bouquet of narcissus and covers were laid for Mr. and Mrs. Jim Dill, Mr. and Mrs. Jesse Retherford, Wade Dill, Oliver Dill and Miss Emily Dill.

The Woman's Missionary Society of the Little Flatrock Christian church will meet at the church Thursday afternoon at 2 o'clock. The program will be different from the former ones, the subject being, "A Message from the Field," with Mrs. Alta Smith as leader. A contest on attendance will begin at this time and a good attendance is desired.

Mrs. John Cooning entertained yesterday evening in honor of her husband's birthday. Those enjoying the affair were Mr. and Mrs. B. A.

Black, Mr. and Mrs. M. M. Coyne, Mr. and Mrs. Ed Caldwell and son Berlin, Mr. and Mrs. Fred Gale and daughter Mary, Mr. and Mrs. Mike Cooning and Miss Lillie Purcell. The evening was spent socially, at the close of which dainty refreshments were served.

Mr. and Mrs. E. L. Powell entertained several of their friends yesterday with a dinner party at their home in West Ninth street. Those present were Mr. and Mrs. George King, Mr. and Mrs. Long and family of Newcastle, Ind., Everett Hanley of Georgetown, Ky., Omer Vansickle and family, Dick Smith and family and Dora Edwards and family.

Mr. and Mrs. J. Q. Thomas entertained yesterday with a noon-day dinner party in honor of Mrs. Mable Carpenter and two daughters, Evelyn and Elizabeth, of Indianapolis, at their home in North Sexton street. The centerpiece for the table was a cluster of jonquils and covers were laid for the following guests: Mr. and Mrs. George W. Thomas, Mrs. Leonora Blackledge and two sons and Mrs. Carpenter and two daughters.

Forest Webb was delightfully surprised yesterday at his home southwest of the city by a number of his friends and relatives, the occasion being his twenty-fourth birthday. The dining table, where the bountiful pitch-in dinner was served, was centered with narcissus. Those partaking of the hospitality of the hostess were Mr. and Mrs. Isaac Webb, Mr. and Mrs. Rue Webb and Miss Zella Aldridge of this city, William Orme of near Homer, Mr. and Mrs. William Weingarth and children Elsie, Maurice and Carl, Mr. and Mrs. George Weingarth and daughters Marie and Julia and son Paul, Mr. and Mrs. John Brown and sons Waldo and Robert and daughter Emma, Henry Weingarth and Miss Emma Weingarth of near Manilla.

Stop the "Snuffles"

If you want to make your distressed babies easy and comfortable, give **Foley's Honey and Tar.**

It is just what they ought to have for feverish colds, croup, "snuffles," and wheezy breathing. It stops croup, too. **Foley's Honey and Tar** tastes good and the little ones like it. It contains no morphine, chloroform or other drug that you wouldn't like to give to young children. Do not accept a substitute.

Mrs. R. H. Gorman, Schoolcraft, Mich., writes: "My baby was stricken with a severe cold and it was very much distressed. I gave him two boxes of **Foley's Honey and Tar** and every three hours and it surely did help him. The baby is now all right."

EVERETT M'HENRY IS BACK

Word of His Safe Arrival in New York Received by Parents

Mr. and Mrs. Jesse McHenry of Richland township received word from their son Everett Saturday to the effect that he had arrived safely in New York from overseas. Wagoner McHenry left here with one of the first increments of drafted men, receiving his training at Camp Taylor, Kentucky. He was later transferred to an eastern camp and sailed from New York early in 1918. McHenry has had practically a year's overseas service, most of this time being in the headquarters company. He left here with Walter Nienstedt, John W. Deerin and Nolan Hood, all of Richland township.

MORE RED BLOOD AND STEADIER NERVES FOR RUN DOWN PEOPLE

The World Demands Strong, Vigorous, Keen-Minded Men and Women

It has been said of Americans that they work their habits overtime. Many become nervous and inefficient by overwork. By worry, despondency, social affairs, robbing brain and body of needed rest; excessive use of tobacco, indulgence in strong alcoholic drink—excesses of every kind that burn up the vital powers so necessary in these trying times to make both men and women fit to be of help to themselves and others.

It is time to be temperate in all things. The man or woman with impaired nerves caused by impoverished blood lacks vigor, the ambition, the endurance and the keen mind of those who avoid excesses.

Tiredness, despondency, fear, trembling hands, want of confidence and even cowardice, are due in a large measure to abused nerves. Freshen with plenty of red blood corpuscles and strong, healthy nerves have no need of fear, and you can afford to be guided and supported.

There is hardly a nervous man or woman (unless of an organic disease) in America today who cannot become alert and clear in mind; vigorous and capable in body in a very few weeks and at trifling cost.

To become strong and confident, to feel that work is not drudgery; to have steady nerves, endurance of all kinds and power of endurance; to be not only a man but a man of action, you must take seven tablets of **Dr. Williams' Pink Pills** for Pale People, and after seven days take another seven tablets and the work will be done.

Dr. Williams' Pink Pills for Pale People is in this special notice is untrue—if you are not a man of action, you are not a man of action. If you do not feel ambitious, you are not a man of action. If you do not feel confident, you are not a man of action. If you do not feel vigorous, you are not a man of action. If you do not feel steady, you are not a man of action. If you do not feel enduring, you are not a man of action. If you do not feel keen, you are not a man of action. If you do not feel strong, you are not a man of action. If you do not feel vigorous, you are not a man of action. If you do not feel steady, you are not a man of action. If you do not feel enduring, you are not a man of action. If you do not feel keen, you are not a man of action. If you do not feel strong, you are not a man of action. If you do not feel vigorous, you are not a man of action. If you do not feel steady, you are not a man of action. If you do not feel enduring, you are not a man of action. If you do not feel keen, you are not a man of action. If you do not feel strong, you are not a man of action. If you do not feel vigorous, you are not a man of action. If you do not feel steady, you are not a man of action. If you do not feel enduring, you are not a man of action. If you do not feel keen, you are not a man of action. If you do not feel strong, you are not a man of action. If you do not feel vigorous, you are not a man of action. If you do not feel steady, you are not a man of action. If you do not feel enduring, you are not a man of action. You Can't Rub It Away; Rheumatism is in the Blood

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away, for you will never succeed. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and there can be no pain. You will never be rid of Rheuma-

tism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S. at your drug store, and get on the right treatment to-day. If you want special medical advice, you can obtain it free by addressing Medical Director, 23 Swift Laboratory, Atlanta, Ga.

DR. COONLEY ON PROGRAM

Plan For Conference Committee of
12 to Fix Principles to Gov-
ern Industrial Relationship

(By United Press.)

Indianapolis, Ind., Mar. 31.—Men of national prominence and others of renown in the state were scheduled to address the annual meeting and dinner of the Indianapolis branch of the National Medal Trades association which opened here today.

Howard Coonley vice president of the Emergency Fleet Corporation, Dr. W. A. Pratt, international authority on world economies were on the program to address the association.

Coonley was to tell the association of the success of the new labor plan whereby the employees are given a share in the management of the plants and an interest in the prosperity. This plan was suggested by him for the Walworth Manufacturing Plants at Boston, Mass., and Kennewick, Ill., of which Coonley is president.

As outline for the plants the plan provides for a conference committee of twelve members to determine the principles and policies to govern the industrial relationship and to establish the machinery for carrying such principles into effect. Six members of the conference committee were to be selected by the employees and six by the employers each to elect a joint chairman.

Matters to be settled by such a board would be: methods of fixing wages, methods of safeguarding the employees and improving working conditions, methods of increasing economic security of workmen by mutual aid associations and long term wage contracts, relation of employe to outside organizations and opportunities for self-expression and initiative of employees.

Other questions which apparently affect only the management but which would really extend to the workmen and the community also would be considered by the board. These would include classification of employees and their advancement and discharge.

Coonley's idea were gleaned from his war experience with the United States government in his capacity with the Emergency Fleet Corporation. The subject of his address was to be "Meeting Problems in the Emergency Fleet Corporation."

Dr. Pratt was to speak on "Germany's Economic Program Now Outlined For the Recovery of Lost Trade and Study of Industrial and Other Forces Still Alive With Which the World Will Have to Deal." Pratt's home is in Cedar Rapids, Ia., but he traveled extensively in the Central Empire of Europe before the war was started and he was brought in close contact with internal conditions of those countries.

Governor James P. Goodrich and Mayor Jewett of Indianapolis were invited to attend the dinner. Invitations were also extended to officials of the local civic and commercial organizations.

Many Indiana cities hold membership in the local organization among them Kokomo, Muncie, Anderson, Marion, Connersville, Lafayette, Columbus and Evansville.

and rightful claims against it, and do the same with the fund now levied.

"No provision is made in the new laws concerning the road tools and road machinery owned by the township, the same, therefore remains the property of the township."

"It is my opinion that the board of commissioners may employ persons to use machinery owned by the township. I know of no connection the county highway superintendent of gravel roads has with the township roads."

road law it is provided, 'the plans and specifications shall include all bridges.' But Sec. 11 of the act provides that if a bridge is more than twenty feet in length that 'the board of commissioners shall receive separate bids and shall enter into a separate contract to build such bridge under the law now in force. Where a bridge is more than twenty feet long, it is the duty of the commissioners to let the contract separate.'

"Sec. 14 of the county unit law provides that the county treasurer shall sell the bonds at not less than their face value. Sec. 15 provides that all bonds shall be sold by the county treasurer to the highest bidder therefor, but in no event at less than par. It is very clear to me that these two statutes mean that the treasurer shall receive the face value of the bond, together with any accrued interest thereon."

"In my opinion it would be permissible for the county commissioners to make reasonable provision in the way of sheds and buildings in which to store and protect the tolls and property necessary for the carrying out of the highway law. That would be a necessary expenditure to prevent inevitable waste."

**A Mother's Happiness
Made Perfect**

Of Utmost Importance That She Have
Every Care.

The expectant mother's physical comfort should be our first thought, and all about her should see to it that her preparation for baby's coming be complete. There is a most splendid remedy to prepare women for the greatest time in their lives, known as Mother's Friend. It is applied to the muscles of the abdomen, gently rubbed in, and at once penetrates to relieve strain on nerves, cords and ligaments. It makes the muscles so pliant that they expand easily when baby arrives; the hours of the time are fewer, and pain and danger at the crisis is naturally avoided. Mother's Friend enables the mother to preserve her health and strength, and she remains a pretty mother by having avoided discomfort and suffering which arise often from otherwise necessary mechanical compression and tension in the pelvic region. Discomfort during the period of contraction, and the pain after the crisis, is lessened, and the baby is born healthy and strong. Write to Dr. F. B. Pratt, Reproductive Company, Dept. R, Lower Building, Atlanta, Georgia, for their Mother's Friend, and you will receive a Mother's Friend Book and the same day receive a 25c sample.

Everyone Who Has Seen It
Is An Essex Enthusiast

for Essex Quality

It is the way in which the Essex combines the advantages of economy in first cost and operation with the performance, endurance and excellence of detailed finish of large, costly cars that it is attracting so much attention wherever motor cars are considered.

Such qualities have never before been combined in a single car.

Easy riding quality and endurance were never expected. Such cars have not been distinguished for the character of their performance.

That is why everyone is so happily surprised at the Essex. Without large expense, all the advantages in performance and endurance that have been the exclusive possession of cars costing two and three times as much are obtained in the Essex.
